Commissioner Member Comments

Commissioner Anderson stated that the McKinney-Vento Continuum of Care Notice of Funding Opportunity is now out. He stated that the application period is very short and that a lot of funding to permanent supportive housing programs will be greatly reduced, causing an end to a lot of rental assistance. He mentioned that the application for funding will be due by January 14, 2026.

Vice President Hooker shared that HOPE thru Navigation is opening a respite house for young adults (17-25 years old) who are seeking resources for substance use. The house can serve up to 12 people with a 72-hour maximum stay. Vice President Hooker also mentioned that she is newly engaged to be married.

President Griffin congratulated Vice President Hooker on the opening of the respite house. She said the current administration has changed the trajectory on how we serve the homeless population. She also stated that the Continuum of Care was made aware ahead of time on the shortened deadline for the grant application. She also stated that once funding dollars are lost, it is very hard to get them back. She asked for grace and understanding for everyone who does this work.
